What: Engaging Employees during
Performance Reviews

Do you know what you want to get out of 2016? Are you feeling overwhelmed about the prospect of putting a whole year's worth of goals together? Every year you do that and things change within the first few months! No one ends up having the same goals by the end of the year. It's a waste of time!

Who: Amanda King – Founder & Principal
PeopleSavvy HR Group

It doesn't have to be this way. Amanda King will be speaking in February about the value of establishing goals and giving us a how-to guide for making the process more manageable. This guide will help you better engage with your team members and benefit your own personal and professional development.

Director of Quality & Risk Management

Sadler Health Center, a Federally Qualified Health Center is seeking a Director of Quality & Risk Management to join our dynamic and rapidly growing organization. The Director will be working hands-on with clinicians and staff at all levels of the organization to elevate quality and service in all areas, and to identify, address and mitigate areas of risk. The successful applicant will be energetic, possess excellent communication and analytical skills, and an understanding of the elements of continuous quality improvement. Candidates must have 3 years' experience in quality improvement and/or risk management and a BA/BS or advanced degree in health care or a related discipline.

As a vital member of the health care system in south-central Pennsylvania, Sadler Health Center provides comprehensive primary health care and dental services to residents who might not otherwise have access to healthcare. We provide a dedicated staff and team-focused work environment, competitive pay and benefits, and an excellent location. We invite you to apply by submitting a resume, cover letter, and salary expectations.
