At the door: Members: \$30.00, Guests: \$35.00, Students: \$15.00

If registering a guest on-line, please use the comment field to provide the names of our guests.

What: Driving Productivity with the Power of 3D Printing:

Additive Manufacturing continues to evolve as new technologies and materials become available in the marketplace. DesignPoint Solutions is a Value Added Reseller (VAR) for both 3D Systems and Markforged, two leading suppliers of 3D Printing technology. This seminar will introduce the various technologies available from both manufactures, including the pros and cons of each technology. In addition to have having 3D printed parts on display from each of the technologies, a question and answer session shall follow the discussion.

Who: Allan Pincus

For the past several years, Allan Pincus has been the Director of 3D Printing Technology for DesignPoint Solutions, Inc, based in Clark, New Jersey. Mr. Pincus holds his Bachelor's Degree in Electrical Engineering from Drexel University, and his Masters in Engineering Management. Formerly, Mr. Pincus has held engineering and engineering management positions at Fortune 500 companies including the Hewlett-Packard Company and W. L. Gore & Associates. In his current role, Mr. Pincus works with small and large companies alike helping them obtain and implement additive manufacturing technologies to streamline product development and operations. Mr. Pincus lives in Green Brook, New Jersey, with his wife and 2 children.
